Marshall, un partenaire africain fiable au service de vos exigences

Forte de plus de quarante ans d'expérience dans la production d'effets et d'équipements militaires et de sécurité, Marshall s'est fixé pour unique objectif depuis sa création, la satisfaction absolue de ses clients et la valorisation des rapports sud-sud. L'atteinte de cet objectif implique un très haut niveau d'exigence dans la qualité de nos produits, une fiabilité à toute épreuve dans le respect de nos engagements, un conseil et un accompagnement continu de nos partenaires, ainsi qu'une démarche de recherche et d'innovation permanente.

Pour répondre à une demande de plus en plus exigeante de la part de ses donneurs d'ordres, qu'il s'agisse de la qualité des livrables, du respect des délais, de la célérité logistique, ou de la diversité de son offre, Marshall a choisi d'abriter ses activités industrielles au Maroc, et de loger ses activités de conseil, et de recherche et développement en Suisse.

Nos valeurs fondatrices fortes et leur mise en pratique au quotidien, procurent à Marshall une renommée continentale de premier ordre. Nous sommes fiers d'être reconnus pour notre savoir-faire infaillible et notre expertise éprouvée, ce qui nous vaut aujourd'hui d'être le partenaire de référence de plus 15 pays en Afrique.

Par ailleurs, sensible à l'importance de l'action citoyenne et au partage des richesses, Marshall se veut une entreprise socialement responsable qui s'inscrit dans une démarche de croissance inclusive et de développement durable. Nous soutenons à ce jour de nombreuses actions caritatives dans plusieurs pays en Afrique, ainsi que des investissements industriels avec formation et transfert de compétence auprès de plusieurs partenaires.

L'histoire de Marshall continue, et nous en profitons pour remercier l'ensemble de nos partenaires de la confiance qu'ils nous ont témoignée durant toutes ces années et nous réitérons notre engagement à continuer de les servir toujours mieux dans l'avenir. La satisfaction totale de nos clients reste notre préoccupation de chaque instant.
